

## **DP WORLD MUNDRA IN ASSOCIATION WITH AGASTYA INTERNATIONAL FOUNDATION HOSTS JIGYASA – A SCIENCE FAIR FOR THE STUDENTS IN MUNDRA**

**Mundra, India, February 10, 2018:** Global trade enabler DP World operated Mundra International Container Terminal (MICT) in association with Agastya International Foundation organised a science fair named 'Jigyasa' for the school students from the Mundra taluka. The fair was attended by around 4000 students from government and private schools in the DP World Mundra township. A total of 72 working models and science experiments by 144 students were displayed at the fair.

DP World partnered with Agastya International Foundation with the objective of boosting skills, aspirations and confidence of young people in communities they operate in. Through this association, DP World has taken science related extracurricular activities to the doorsteps of students through their Mobile Science Vans which visits 43 government schools in the taluka. This has been part of the approach they have been undertaking to address the need for enhanced educational practises.

In line with DP World's 'Our World, Our Future' programme, vigorous efforts are undertaken towards building a vibrant, secure and resilient society across all the regions they operate in.
